Subject: FILLING THE SEATS AT MIAMI POLICE

On Tuesday, September 24, 2013, ten Miami Police officers will soon hit the streets as 25 newly hired police recruits will embark on a new adventure...on their first day as members of PAC (Police Academy Class) 102!

PAC 102 will begin their journey as police recruits to becoming police officers. The first few days are trying, but the will, passion and drive is the underlying factor that will keep this bunch standing strong and the glue to keep it together. Although the police academy is six months long, the mental preparation is paramount to maintain levelheadedness through the voyage.

Chief Manuel Orosa cordially invites you to witness first-hand the beginning stages of the physical aspect of PAC 102 challenges begin at 10:00 AM, Tuesday, September 24, 2013, at the Miami Police College Auditorium.
